

FROSTBITE

COOLING CRIMINAL

Frost Bite steals your cool air and makes your AC work overtime. He slips in through drafts, open doors, and sunny windows, turning comfort into wasted energy.

VILLAIN STATS

Cool Air Theft	●●●●●●●●●●
Heat Gain	●●●●●●●●

AC Overload	●●●●●●●●
Draft Sneakiness	●●●●●●●●

HERO CHALLENGE

KEEP FROST BITE OUT!

-  **STEP 01** Keep doors closed when the AC is on
-  **STEP 02** Close blinds during the hottest part of the day
-  **STEP 03** Check for drafts around windows and doors
-  **STEP 04** Keep vents clear and unblocked

FUN FACT

A small draft can waste as much cool air as leaving a window open!
