

WATTHOG

POWER PIG

Watthog gobbles up electricity and leaves more power for what matters—his gadgets, not yours! He loves leaving things plugged in and running when they aren't needed.

HERO CHALLENGE

SHUT DOWN WATT HOG!

- STEP 01** Unplug devices and chargers when not in use
- STEP 02** Use power strips to kill phantom power
- STEP 03** Turn off lights when you leave a room
- STEP 04** Choose energy-smart modes and LEDs

FUN FACT

Even when “off,” many devices still sip power. Unplug and stop the sneak!
