

MEMBER OWNED METER CENTER RESPONSIBILITY AGREEMENT

Prepared by Rappahannock Electric Cooperative

THIS AGREEMENT, made this _____ day of _____, _____, by and between _____

_____, hereinafter called "Owner" ("Owner" wherever used herein being intended to include the grantors whether one or more or masculine or feminine), and RAPPAHANNOCK ELECTRIC COOPERATIVE, a Virginia corporation, hereinafter called "Cooperative".

WITNESSETH:

THAT WHEREAS, the Owner desires the Owners electrical meter centers to be installed at _____ on the lands of the Owner, which lands are more fully described as _____. It is understood by all parties that the Cooperative's point of demarcation is at the Utility Compartment located _____ and the meter centers are the property of the Owner while ownership of the meter within each meter center is maintained by the Cooperative.

The Owner will furnish, install, own and maintain, at his/her sole expense the approved meter center along with all necessary connections and appurtenances from the Utility Compartment to each meter location. Owner shall obtain approval of the meter center form the Cooperative prior to installation of any equipment. The Owner will install his/her wiring in accordance with the recommendation and rules of the National Electric Code and the requirements of the State and/or local authorities having jurisdiction. The Cooperative will maintain ownership of meters for each connection serving each member. The Owner will be responsible for the maintenance of each meter center. The Owner shall provide the Cooperative specifications on the meter centers and the Cooperative's approval is required prior to installation of any metering equipment.

The Cooperative's metering equipment and devices shall be installed upon the Owners premises and the electricity to be delivered by the Cooperative shall become the property and liability of the Owner from the point of demarcation at the Utility Compartment. The Cooperative shall seal each meter compartment and only authorized personnel shall be allowed access.

The Electric Service provided to the Owner will be _____ phase, _____ wire at approximately _____ volts at 60 MHZ. The Cooperative shall not be obligated to make any change in these service characteristics at the Cooperative's expense.

This agreement shall inure to the benefit of and be binding upon the heirs, successors, or assigns of each of the parties hereto in perpetuity.
