MyREC SmartHub: A Resolution You Can Keep

Sure, a new gym membership and a super-healthy diet might seem like a great idea this week. But studies show most folks revert to old habits not long after the calendar turns each year. As for MyREC SmartHub, we are confident you will still be committed well into 2020 and beyond – saving time along the way. With MyREC SmartHub, you can:

- View and pay your bill.
- Set alerts for energy use.
- Report an outage.
- Sign up for programs and services.
- Share a concern related to your account.

All you need to get started is your account number, which you can find on your latest bill.

Join today! myrec.smarthub.coop

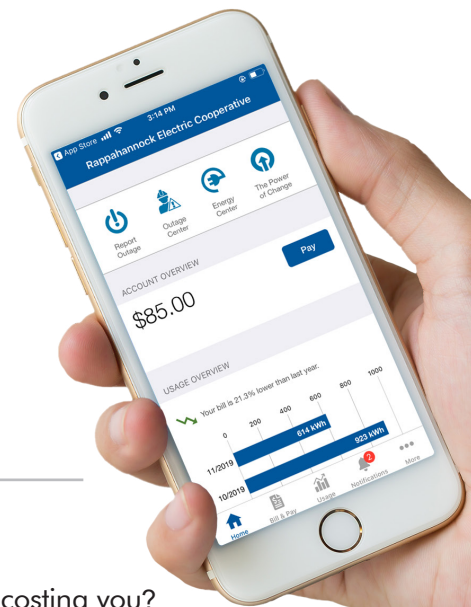

Who knows, you might even use all that extra time to visit the gym after all.

Understand and Track Your Energy Use

How much is that 20-minute shower your teenager takes each morning really costing you? What about the half-empty dishwasher your husband insists on running? Or the 74 degrees you set your thermostat at – even on the coldest winter days?

Now you don't have to wonder. With the My Usage tool in MyREC SmartHub, you can:

- Track spikes in energy use.
- View hourly, daily, monthly and annual energy use.
- Compare energy use over time to make adjustments as needed.
- Access the Home Energy Calculator to find energy savings.

Solar Made Easy: Cooperative Sunshare

If you are reading this, you now have easy access to solar power. It really is that simple. REC offers member-owners access to solar energy with a program called Cooperative Sunshare. Interested? Great! Here's what to do:

- ✓ Sign up online (It will take about 90 seconds).
- ✓ Pay a small monthly fee and lock it in through August 2021.

That's it! Here's what you'll never need to deal with:

- Costly upfront setup.
- Maintenance fees.
- The angle of your roof, trees or shade.
- Repair costs.
- Visits to your home.

So take a quick look and see if Cooperative Sunshare is right for you. Join a growing number of your neighbors in making a difference.

Cut the Clutter! Go Paperless today.

Let's make 2020 the year to reduce waste and increase serenity around the house. A good place to start is by reducing the number of paper bills showing up in your mailbox.

To get started, simply sign up for paperless billing from REC.

It's fast and freeing!

.....

Once you log in to your MyREC SmartHub account, here's how to make the change:

My Profile ▶ My Information ▶ Update My Paperless Settings
